From our perspective, we would like to prioritize getting sales running on Huobi, OkEx, CEX.IO.

I'm in SF right now, but perhaps some time in April.

So, our goal is to have redundant XRP sales presence on basically every major exchange that sells XRP, with priority for exchanges that we don't have a presence on.

Can you send us a list of exchanges you are currently trading on, and we can formulate a plan?

Dinuka, should we discuss over a call, dinner at Tamarind, or a quick drink on Stone Street? It's been too long.

Hey [REDACTED]

I've copied in Dinuka since I'm going to be out for the next two weeks. You guys should connect before I get back though. He'll be able to tell you where you guys need to be going forward. Get ready!

Hey Miguel,

Now that we have a contract renewal in place, do you have a time to discuss expanding to new venues? If there's any I should be filing KYC on to get ahead of things by all means let me know. Also we'll need to set up another tranche of XRP in the very near future.

Thanks,
